

To be placed on the door

To be placed on the side window

Enclosed are 6 separate decals and a squeegee\* for applying. Follow the instructions below to install each piece.

Decals included:

1. Choice Mark (8.5" x 8.5")
2. Operating Hours (8.5" x 10")
3. Locally Owned & Operated Message - Optional (8.5" x 2.5")
4. Manager Name and Contact Number - Optional (8.5" x 2.5")
5. Special Assistance and Service Animals Welcome messages (8.5" x 3")
6. Free Wi-Fi (6" x 6")

Applying

**NOTE: Do NOT use unapproved cleaning products (such as Windex® or Formula 409®) as ammonia and other cleaners can dilute or dissolve the decal's adhesive. Repeat Steps A through D for each component, working from the top down.**

Step A

Use dish detergent and warm water to clean the outside of glass. Use a clean, lint-free paper towel to wipe the glass dry.

Step B

Following the placement diagram on page 1, tape the decal to the glass to confirm alignment. Remove the decal from the window, and with the lettering face down, carefully peel a small section of the translucent backing paper away from the grid-lined transfer tape and place the component on the glass.

Step C

Continue peeling the translucent backing paper away and press lightly as you move down the decal, using the squeegee to force air bubbles from beneath. Repeat, pressing firmly to make sure the letters adhere to the glass. This time, squeegee from the center outward.

Step D

Gently peel the grid-lined transfer tape away, leaving the letters in place.

**Note: Quarter Inch border has been left all around each decal to assist with installation. Once letters are in place, remove the border.**  
\*One Free Squeegee per complete kit order is included. Squeegee is not included with additional sign orders.
